

— CLOS DEL PORTAL —
SOMNI

Alfredo Arribas

It comes from the main estate, the dream that makes up the Clos, a wine that was imagined before it saw the light. The grape comes from terraces and slopes from La Plana, Mas del Metge and Mataveres. High layer and concentration. Exuberance and sensuality. Mineral and silk. Floral conjunction between Syrahs and Carignans, emerging from deep llicorellas. Recognizable identity and originality: violets and purple aromas in a terroir of ancient mines that are now abandoned.
